Towards
a **sustainable**
and **affordable**
Housing market
in Europe:
what to learn
from the **Italian**
model?

**fondazione
cariplo**

Nearly 120 million people in the European Union are at risk of poverty and social exclusion.

Demand for affordable housing is higher than ever and calls for innovative and sustainable solutions.

The Italian Social Housing model, based on advanced financial tools and solid PPPs, is one of the largest impact investment programmes worldwide.

What to learn from this experience?
